Table agreement

Choose the game and record its rules before dealing. These blank forms organize agreed scores; they do not calculate or prescribe a ruleset.

Date / Venue / table	
Game / rulebook / card year

Claims / draw / dealer continuation	
Corrections / finish / session length	

About INEAN PLAY

INEAN PLAY focuses on automatic OKEY tables, automatic Mahjong tables and compatible accessories, providing products and practical support for homes, clubs, cafés and game rooms. We maintain free community resources to help enthusiasts learn, organize games and care for their equipment. Corrections, translations and improvements are welcome.

This project provides printable score sheets and session records for players, teachers and clubs.

OKEY score record

Choose classic OKEY or 101 Okey. Record each hand as a signed change, not a running balance. Final total = starting total + all changes. Agree whether higher or lower totals are better.

Date / Venue / table	
Game / rulebook / card year	
Players A / B / C / D	

Score direction: higher / lower is better (circle one)

Hand	A	B	C	D	Result / notes
Starting total					
1					
2					
3					
4					
5					
6					
7					
8					
9					
10					
11					
12					
Final total					

Bookkeeping example only: start 0, changes +12 and +8, final 20. This is not an OKEY penalty rule.

Mahjong points ledger

Enter signed point changes for each hand. Track a table pool only if your rules use one. Final balance = starting balance + changes. A hand-value reference is still required.

Date / Venue / table	
Game / rulebook / card year	
Players A / B / C / D	

Hand	A	B	C	D	Table pool	Result / notes
Starting total						
1						
2						
3						
4						
5						
6						
7						
8						
9						
10						
11						
12						
Final total						

For a closed point system, player balances plus the pool stay constant. Example: a 1,000-point deposit is player -1,000 and pool +1,000; a return reverses it. Mark external bonuses separately.

Seating and session log

Write the planned seat or table changes. This log does not impose dealer rotation or guarantee balanced opponents; follow the selected rules and event plan.

Date / Venue / table	
Game / rulebook / card year	

Time	Venue / table	Seats / players	Dealer / starter	Result / notes

Everyday care record

Switch off and unplug before cleaning. Record external care only. Internal work and uncertain access require qualified service. Follow the model manual for products and intervals.

Date / Venue / table

- ☐ Stable, level table; required locks secured
- ☐ Correct, complete, clean and dry tiles
- ☐ No visible cord/plug damage; vents clear
- ☐ Exterior clean; drinks and small objects kept away

Date	Observation / action	Next check	Person

Smoke, burning smell, liquid ingress, shock, electrical damage or recurring jams: stop use; disconnect only if safe and seek qualified service. Do not force or repeatedly cycle the mechanism.
